M'Alister's ALL-HEALING Ointment,

FOR THE CURE OF Colds, coughs, consumptions; for scrofula, scurvy, and all cutaneous eruptions; for bruises, burns, ulcers, sores of all kinds, and general or local debility.

This celebrated Ointment has a most striking effect upon the blood, in cleansing it from all impurities; upon the sinovial fluid, which lubricates joints and thus removes stiffness, soreness & pain the lymphatic ganglia or glands, promoting free and healthy secretion of the lymphatic and thus prevents swelling of the glands about neck, the groins, the axilla or under the arm the ear, and all other parts of the body.

This All-Healing Ointment is equally efficacious promoting the secretion of the kidneys, relieving retention of urine, and by restoring the natural function of the urinary organs, thus preventing inconvenience of urine. It is equally efficacious in acting upon the nervous system by curing Hysteria, St. Vitus's dance, palsy, paralyses, numbness or want of feeling or power of motion from local or general affection of the nervous tissue. It acts with great power on all the fluids and solids of the body and attacks disease in whatever seated, whether on the surface or internal parts.

I speak the things which we know of the astonishing efficacy of this justly celebrated, invaluable and worthily named "ALL-HEALING OINTMENT." The innumerable pains that have been relieved, the ten thousand sufferers relieved and cured, and the more than ten thousand hearts which have been comforted and cheered by its salubrious influence, testifying to the truth of all, and more than is herein inserted.

NEVER DESPAIR OF LIFE!

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually!

10,000 CASES

OF SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle, and then be far superior to any in use. It is put into the bottle in FULL STRENGTH and power, without reducing it, and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Chimmy, Adulterated Sickish, and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six Times Better, Stater, Surer, and Cheaper than all others. THIS Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skillin the world; and CURES all the Sickness. KILLS all the Pain, and REMOVES all the suffering that is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA

A PHYSICIAN, who is truly be most distinguished of any in a large City for professional skill CERTIFIES, stonishing as it may seem, that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla; and says that there is no medicine in which he has so much confidence for Diseases of the Lungs. Some will marvel at this REMARKABLE Cure but hundreds are knowing to the fact. This INCOMPARABLE Sarsaparilla is also doing wonders in foreign cities. And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury." What distinguished commendations are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS! It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased, and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the BLOOD perfectly Pure, Rich, Healthy, Quick, Free, Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful, Strength wasting, Appetite gone, Pulse weak, or Feverish, Skin yellow, Nerves deranged. It restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Diseases in every form and part, which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient, or prolong his sufferings. But it first attacks the disease and stops it then removes it, then brings on the flesh and strength on a perfectly pure Blood, so that the cure is always thorough and permanent. Others only master, or hide the disease, but this EXTIRPATES it wholly from the system—this saves the patient's life, while others endanger it. The whole body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors,** and Physicians always prefer it, for the sake of its Superiority. Try it, all you who are certain the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you, especially, that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly to suit to FEMALE COMPLAINTS. These Complaints have never been cured so as they ought; hence it is that all the medicines which are used with the hope of Cure, so invariably and ever rely on! But this Sarsaparilla has the SPECIAL ability, to cure every Disease, Affliction, or Pain, which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

The Great Remedy for Gonorrhœa

RELIEF, Stricture and all analogous complaints, in Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 30 years. He only reasons for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down in premature graves by taking the miserable drugs of quacks.

Dr D most unreservedly affirms that during his practice of forty years this Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking, he Paste, in a few days the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emaciated bodies as Swollen counten ances as we do at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given, the price also and returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS, at his Office, No. 55 Union st. east Boston, at $3 per box, where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most candid course of treatment that can possibly be adopted.

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr D has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M. D. He has been upwards of 30 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye this is an advantage the Dr D has above all other practitioners, and which will necessarily do away the necessity of a long and ample examination on the part of the patient, of the disease with which they are afflicted. The age and length of time the patient has been suffering, is all the Dr will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr D. has been very successful in the treatment of Colds, Coughs, Consumptions and Liver Complaints, all Pulmonary diseases; Scrofula, Rheumatism, Fits, Dysentery, all diseases of the Eye and Ear, diseases of the Blood, Palpitation of the Heart, Gout, Salt Rheum, Cancers, cutaneous diseases and all affections of the kidneys and bladder. The dolorous, Hernia, Abdominal Weakness, Tooth ache, Intemperance, Stammering. Dr D warrants a cure of any of the above diseases, if applied to in season.

He would also respectfully inform the Ladies that he will attend to their diseases and complaints from 3 to 7 A. M. and from 2 to 5 P. M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications post paid, with a fee enclosed, will be strictly attended to.

Remember the number—55 Union Street.

An Infamous Handbill.

A large handbill has been issued without any name attached as responsible for its issue, setting forth that the ann versary of our National Independence will be celebrated in this city by a mass meeting of the democracy of Maine) in favor of Cass and Butler, and will be addressed by Senator Allen, Gov Pierce and B F Hallett—This handbill is written in the worst possible taste, without regard to candor or truth It appeals to the worst prejudices of the human mind This bill is a disgrace to its author and to any party who appp ove and sanction it

We will not defile our columns with a report of its allegations which justify us in thus presenting its character We refer however to one of its statements showing the rascally meanness of the thing It pretends to quote several Whig papers, and among them this paper as the right to editor had called Gen Taylor "a great Dutch er" This is an entire falsification of the at ter His editor never said any such thing The mean and false statement was put forth in the first place, we believe by the Bangor Democrat, and then by the Portland Argus and Boston Post, and we know not how many bitter papers of the same stamp We wish now to sh w up the iniquity of the matter, particularly as the case illustrates the principles upon which the Loco press and the reckless and corrupt leaders of that party intend to carry on this campaign

The remark quoted occurred in a communication written for the purpose of opposing the views of the editor of the Whig, and in opposition to the course which this paper was then taking in the advocacy of Gen Taylor as the most suitable candidate for the Whigs to nominate ||

The great injustice, the black hearted atrocity of quoting any remark thus made as expressive of the views or the language of the Bangor Whig, must be apparent to the meanest comprehension About the same time that communication appeared in the Whig, there appeared a resolution in the Bangor Democrat approving of the nomination of General Zachary Taylor by the loco foco party But it was well known then as it is now known that the Bangor Democrat ought not to be held responsible for that opinion

It published the resolution in the proceedings of a meeting of a portion of its party at Oldtown, and did it for the accommodation of those men though itself entirely opposed to the views expressed in the resolution But it is just as proper for us to quote that resolution to the credit of the Bangor Democrat, as for that paper, or the committee who have issued the infamous hand bill referred to, to quote the Bangor Whig in the manner which they have

Again, every political paper is frequently under the necessity of inserting statements to which they are opposed, for the purpose of pointing out the errors and absurdities involved Any one can see how atrociously unjust and abominably wicked it would be to quote such matter as the sentiment of the paper quoting it and commenting upon and explaining it—yet the Bangor Democrat and the papers referred to and the rascally handbill mentioned, have done essentially the same thing in the quotation it pretends to have made from the Bangor Whig

Under these circumstances we pronounce the quotation that handbill credited to the Whig a falsification, and we have no objection to any man who acknowledges responsibility for the insertion of the resolution and credit looking the matter personal to himself We declare that the editor of the Bangor Democrat has inserted in the quotation and credit in the paper intended to make a false statement, and gave a false impression and had all the utterance of a lie

For the Whig and Courier

Upon three Whigs, who, in their street attachment to a new one The eminent Whig Statesmen have received with some coolness the nomination of General Taylor, which will be urged that General Taylor was not the avowed of any principle as much to be preferred to Mr Cass and the Whig will, laying aside personal and sectional preferences uniting the risk of anything, with him to let than suffer the present party to come into power Thus assert on a manifested a determination to be highly fortified by the personal character of the two men by their public and private acts. The first record we find of Gen Cass is his appearing in the streets with a black cockade in his hat He was not remarked for being a Federalist but it was the evil news of a *youthful* vindictive which has ripened into a gracious Head of Progressive democracy Whenever it seemed popularity was to be gained thereby he disclaimed the authorship of Gen Hull's allusion and urged us to proclamation, when it was unpopular, his native modesty perhaps led him to deny the fact—in the days of Adams he helped famish Twin with the cry that still need its support There are those who would be profited could they share more largely in its aid, and there exists yet much land to be possessed the desert and forest are at our door

The field more especially under the care of the Maine Missionary Society, is a very important one and I rejoice that we alode are to support it Did the Parent Society have the funishing of our churches, it would divert aid from us to other dest itute fields, and the ashy from us the privilege of being benevolent

But when we look over our vast country, and on the second time, our obligations to appear very great The yoke of slavery the state of war are still in our midst, and the multitudes on the foreign shores are that come in from abroad to desolate and corrupt our beloved land

If the influences of the Gospel are not sufficient to save us, these awe may give up to despair But it is and not only are we to help also to benefit the world Let the Society now assembled, fulfill its duty and the influence will be felt in Ch na and to the ends of the earth

2d The subject suggests the necessity of being actuated by principle in our paramount devotion to the church We need not examine deep-seated feeling What we need most is a deeper principle of piety to fan the whole glowing attributes of deity He gives joy to every pulse heart

There is the church as a mighty unit of this will cannot by to every pulse heart

The influence of the church on the world another cause It is the salt of the earth, has a conservative, and a saving influence

What is needed in sustaining the cause of religion, is an ply repos Every worldly must in dependent the sacred truths he would uphold in his duties as a peaceable companion, a success in politics makes him an unsafe leader, a foolish counsellor and a treacherous friend

On the other hand Gen Taylor was a moral calm, common sense man, and what is modest man He did not upon his own responsibility, as a mere agent to take the initiative in the war with Mexico, but has generally orders he carried them out He has spent much time in camp has taught him to beg and command, rem and from flurry or fuss, he has a better preparedness gently, now right as we go we must provide for the public exigence Every act marks him as a man of firmness in the cast body of passion the firm resistance of a *thinking conscientious* man A man who knows the value of prudence, a watch like he is no propagandist Distrusting his own infallibility he will seek the counsel in necessity to a wholesome administration of Government If he is elected there will be a safe, prudent man at the head of Government who is the best friends his nature, who is brave for God made him so who is tender because he is noble, who is great because in unison with the best of greatness

If Gen Cass be elected there will be a Party despotism over upon us such a firebrand of civil war, confidence, a friend by nature of war and strong test, would be the first minister of his King, trustworthy to be the right of a Republic

Will not all Whigs cheerfully on one and earnestly labor to elect the safest and prudent man of the Party

SECOND DAY—FORENOON

Exercises opened with singing by choir. A portion of Scripture was read by Rev Dr Dwight of Portland and a prayer offered by the same—The 137 in Psalm was then sung in Short Metre after which Mr Hitchcock announced his text, 127 Psalm 5th and 6th verses

The Psalm from which these verses are taken is among the most tender and pathetic portions of sacred scriptures

When the Jewish captivity remembered the glory of Jerusalem and compared it with its present ruins with a distressed hopes hearted people, it was with a fervor of desire to see the city restored to its former greatness and its temple rebuilt in the words by the prayer of Baby lonia etc

But this was not all The enemy not only destroyed but exulted in their triumph They mocked them to be merry But they were filled with the spirit of evil

And now the sweet remembrance of all this was very well excited in the Christian Jerusalem It was here now without reason that the people Jewish Jerusalem

Jerusalem may be considered at this time as representing the church This is not a solitary instance in the Bible of the Lord God's children to the church Moses loved it He was disturbed by the disconsolate of the Israelites They are well expressed in Sacred Scriptures in the words by the prayer of Babyl

Dr Townsend—Dear Sir Nearly twenty years ago I took a violent cold which settled on my lungs and could not be relieved by any thing I could take or do. I was often quite unable to speak above a whisper for days at a time, and could not sleep for the cough. I was given over by my friends and physicians as a confirmed consumptive. I had tried almost every thing recommended for consumption but found no relief. Hearing of your Sarsaparilla I procured a bottle and found relief from the first dose. I continued its use for a few weeks and was entirely cured. I have been healthy and hearty ever since. I have been engaged in preaching the gospel for the last fifteen years, and have had a throat and lung difficulty for the last twenty years, which I believe your Sarsaparilla has entirely cured. I have also given it to my children with the most happy results. I would advise all who are afflicted with coughs, colds, or any disease of the throat or lungs, to give your Sarsaparilla a fair trial, and they will find relief. Yours truly, REUBEN WELLS

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels

—FOR—

SAW MILLS,

Invented by I R. Timbey of Cato N. Y.

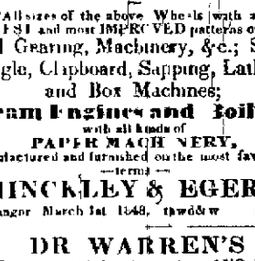
THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time and they can confidently recommend them with the same head and quantity of water applied at possessing and combining *more Strength and Speed* and giving a more *uniform and Steady Motion*, in and out of the cut (and therefore not liable to break cranks) and will also run *longer* and *saw more Lumber* under a low head than any other Wheel in use

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the apertures larger and allows the draft stuff to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as to gate any amount of power required and from the report of the use of these Wheels have acquired by the success of operation of several hundred of them already set and in use no fear of confidently recommending them as combining all the advantages than any other Wheel for purposes of Upright Shafts now used

As evidence of the merits of this Wheel we would refer to the following extracts from the report (copies of which made with the same by H HAMARA BEARD Esq *Civil Engineer*—Lowell, Mass who is well known as one of the most scientific and experienced practical Engineers in the country

The wheel is formed with curved floats the number depending upon the size and vent of the Wheel each extending so far around the Wheel that when the water arrives at the jet its pressure is so far expended that it falls very nearly met from the Wheel The Wheel is inclosed in a cylindrical wooden curb or flume in which the water floats at its full head the column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel, which again is perfectly free of the column of water, and by this arrangement all the friction on the step and bearing of the Wheel is avoided and so much of the power saved which in the ordinary mode of operation is wholly lost

This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it providing the head rises in a fresh as fast as the back water Both Wheel with the vents rightly gauged for a high head will not answer for a low one and vice versa for as the head increases the width of the jets should be proportionably decreased so if at the water may not issue to waste, and not give its best effect to the Wheel

In point of power the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless to less liable to need repairs, easily accessible when they are needed costs much less in the first instance is much more durable, and takes very much less room in a mill or shop—simplicity of structure durability of parts convenience of application and excellence of power are the grand points of recommendation for this Wheel

Dr Upham—My dear Sir—I cannot express to you my success and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Electuary I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that at times, I became almost a skeleton, with loss of blood and mental derangement, till the disease took such a form, it became incurable and in fact, I was driven to myself I was obliged to give up my business and tried all kinds of medicines and the best advice the Doctors in Boston and the place could afford but much to my sorrow, I was informed by painful operations I had become perfectly tired of life, and was about to commit the rash act of my friends, I was induced to try your truly valuable Electuary, which I am happy to say has restored me to perfect health, after using it three months to prediction, and I feel as well as ever I was in my life, and I am now in the full enjoyment of health, and I feel that my life is worth preserving, and I am now willing to live, and I feel that I am once more restored to health, and I am now in a condition to support my large family, and I am now in the full enjoyment of health, and I feel that my life is worth preserving, and I am now willing to live, and I feel that I am once more restored to health, and I am now in a condition to support my large family, and I am now in the full enjoyment of health, and I feel that my life is worth preserving, and I am now willing to live, and I feel that I am once more restored to health, and I am now in a condition to support my large family, and I am now in the full enjoyment of health, and I feel that my life is worth preserving, and I am now willing to live, and I feel that I am once more restored to health, and I am now in a condition to support my large family, and I am now in the full enjoyment of health, and I feel that my life is worth pre
